ClenHands Orange Smoothie™ is citrus-based and dissolves dirt, grease, fuel oil, pipe dope, resin, ink, paint, glue, rubber gasket and tile cements, and many other hard to remove soils. ClenHands Orange Smoothie™ is formulated to remove the toughest dirt from working hands, but is also fortified with skin care ingredients to help protect those hands. Like ClenAir's popular odor neutralizing products, ClenHands Orange Smoothie™ is environmentally friendly – it is biodegradable, VOC-compliant in all states, uses recyclable packaging and has no petroleum solvents. Use it with or without water.
