**WARNING:** May be harmful if swallowed or in contact with skin. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, clothing, eye protection & face protection. Take off contaminated clothing & wash before reuse. Dispose of contents/container properly. **IF SWALLOWED:** Call a POISON CENTER or physician if you feel unwell. **IF ON SKIN:** Wash with plenty of soap & water. If swallowed, rinse mouth.

**Caution: Keep out of reach of children.**

**Directions:** Remove the yellow Pan Strip from the package. Place the Pan Strip anywhere in the condensate pan where it will contact condensate water. Ideally, the Pan Strip will be placed opposite the drain opening to provide maximum coverage to the drain pan. Replace the Pan Strip with a new one after 6 months of use.

**PurCool Pan Strips** utilize a powerful sludge busting formulation to keep A/C and refrigeration condensate drain pans clean and free flowing. Use **PurCool Pan Strips** to prevent the sludge and buildup that causes clogs, costly overflows, and odors. **PurCool Pan Strips** will adhere to the drain pan surface so they will not float or move. **PurCool Pan Strips** will completely dissolve over time. There is no housing, casing, residue, or sock to remove.

- Prevents Condensate Pan Overflows
- Maintains Free Flowing Drains
- Lasts Up To 6 Months
- Prevents Drain Pan Corrosion
- Improves indoor air quality.

- Eliminates Drain Pan Odors
- Dissolves Completely - No Residue
- Safe for Metal and Plastic Drain Pans
- Can be Cut for Lower Tonnage Units
